**May 21**

**Beyond Mediation Forum: Interdisciplinary Collaborative Practice, Coaching and Limited Scope Representation**

**May 28**

**Online Mediation Training for Youth and Schools**

# Jim's Meta Questions

1. Is there an “online mediation curriculum” that ALL mediators should now reasonably know? How do we best define and implement this?
2. How can we most effectively train mediators online? (both “online mediators” and “face-to-face mediators”)
3. Can an “online mediator” achieve all required training online? Must this training be “live” or might some or all be recorded?
